

In our previous Hunt Prep discussions, we discussed being prepared for your hunt from a physical standpoint, recommended gear, and what your hunt day's will look like. Today, we would like to discuss a couple other areas of importance everyone should be prepared for, so let jump into it:

Bear Licenses (Mountain Hunts Only - Does not apply to Eastern Plains Hunts):

We charge a fee for bear combo hunts of \$1,500. We have an overabundance of bears in our area, so much so, that CPW has made the licenses available for all hunters versus an application basis. We would like to extend this offer to all of our clients, if you would like to purchase a bear license you will only be charged if you harvest a bear, miss a shot at a bear, or tag out on your elk or deer and start to hunt a bear.

(Does not apply to Pronghorn or Moose, no bear seasons open during either of those two species seasons).

With an abundance of bears in our area, they are still difficult to find. If you are up for the challenge and would like to take advantage of this offer. Please let me know if you would like to jump on this and I will add it to our schedule. Bear License cost varies from year to year, starting 2024 the Non-Resident Bear License is \$500 and around \$150 for a Colorado Resident

Archery: Add on Bear License Code: B-E-004-U1-A

Rifle OTC License:

Elk Rifle Season's: B-E-004-U5-R

You can purchase these licenses on-line starting in early August, again we will let you know the date as we get closer. Use the link below, sign into your on-line account and you can purchase the bear license.

Weapon Safety:

All firearms are always loaded, all bows are always loaded! Anyone observed pointing a weapon at a guide, another client, a spotter, a vehicle, structure, or anything that is not the sky, the ground, or the animal targeted for harvest will be done hunting and will spend the rest of their trip at the lodge. We cannot afford any accidents! We will discuss this in more detail at your Pre-Hunt Meeting.

Driving Directions:

Some of you are planning your trip out, you can find driving directions on our website under the "Trip Planner" Section:

<https://www.coloradobghunting.com/trip-planner/>

Please refer to your hunt contract for arrival times, please do not arrive early as we will need the time to prepare for your group's arrival.

If you are hunting on our Eastern Plains leases, I will email you those driving directions as we get closer to August, they are NOT on our website.

If anyone has any questions, please let me know! Our goal with these hunt prep documents is to have you as prepared as possible, so you know exactly what to expect before you arrive in camp, we hope this increases your enjoyment of your trip as well as your opportunity at the bull/buck/boar/cow of a lifetime!
